

The background is a light blue gradient with a pattern of small, faint dots. There are three main decorative elements: a thick blue wavy line at the top, a thick dark blue wavy line at the bottom, and a thick white wavy line in the middle. A short, thick dark blue horizontal line is positioned below the word 'PLASTIC'.

CAFAGNA PLASTIC

Introduction

We design and manufacture packaging and shipping solutions with a clear goal: to combine functionality, quality, and brand identity. Each product is developed through a controlled production process, where experience and attention to detail ensure high standards and long-term consistency. We collaborate with companies that want to turn their packaging into a distinctive element of their business.

- Plastic materials used
- Closure technologies (adhesive / zipper)
- Functional design for logistics and e-commerce
- Price ranges based on quantities
- Customers (e-commerce, logistics, retail)

Product Categories

Our range of shipping products is designed to meet the diverse operational needs of companies and professionals. Versatile, durable, and functional solutions, developed to ensure content protection and ease of use in every logistical context. A comprehensive offering that includes various types of mailing bags and materials, designed to adapt to different volumes, uses, and shipping methods.

Resealable zipper bags with slider:

Ideal for products that require frequent opening and closing, zipper bags ensure both convenience and protection. Perfect for clothing, swimwear, accessories, or reusable kits, they provide a premium customer experience thanks to their ease of use and refined design.

Mailing bags:

Designed to withstand the stresses of transportation, mailing bags ensure protection, lightness, and reliability. Thanks to the adhesive closure (also available with double adhesive on request), they are ideal for e-commerce and logistics, ensuring content security while helping reduce shipping costs.

Doypack (stand-up pouch):

Doypack bags are the perfect solution for food packaging and retail products. Thanks to their stand-up structure and resealable closure, they combine functionality and visual impact, enhancing product visibility on the shelf while offering convenience to the end consumer.

Frame Materials

Made from carefully selected materials to ensure strength, lightness, and reliability, our solutions are designed to meet a wide range of application needs. From protection during transport to product storage, each material is developed to deliver high performance and consistent quality over time.

Material	Strength	Tactile feel	Transparency	Recommended application
Polyethylene (LDPE-04)	High	Soft and flexible	Semi-trasparency	Mailing bags, lightweight packaging
Polypropylene (PP-05)	High+	Smooth and rigid	High	Premium bags for clothing
Oriented Polypropylene (MOPP/BOPP)	High	Rigid and glossy	High+	Retail and food packaging
Polyethylene (HDPE-02)	Medium	Rigid and matte	Low	Sacks for industrial use
Certified compostable (EN 13432)	Medium	Soft	Semi-trasparency	Sustainable packaging

Design & Customization

Every bag becomes an extension of your brand. Through customized graphic solutions, we transform packaging into a communication tool that enhances the product and creates an immediate impact on the customer. From minimal prints to more structured designs, every detail is carefully developed to combine aesthetics, recognizability, and perceived quality.

- Logo and color customization
- Flexographic or digital printing
- Matte, glossy, or transparent finishes
- Custom layouts for every format

The design can be developed by our team or provided directly by the client. We support every project to ensure visual consistency, print quality, and a final result that reflects the value of your product.

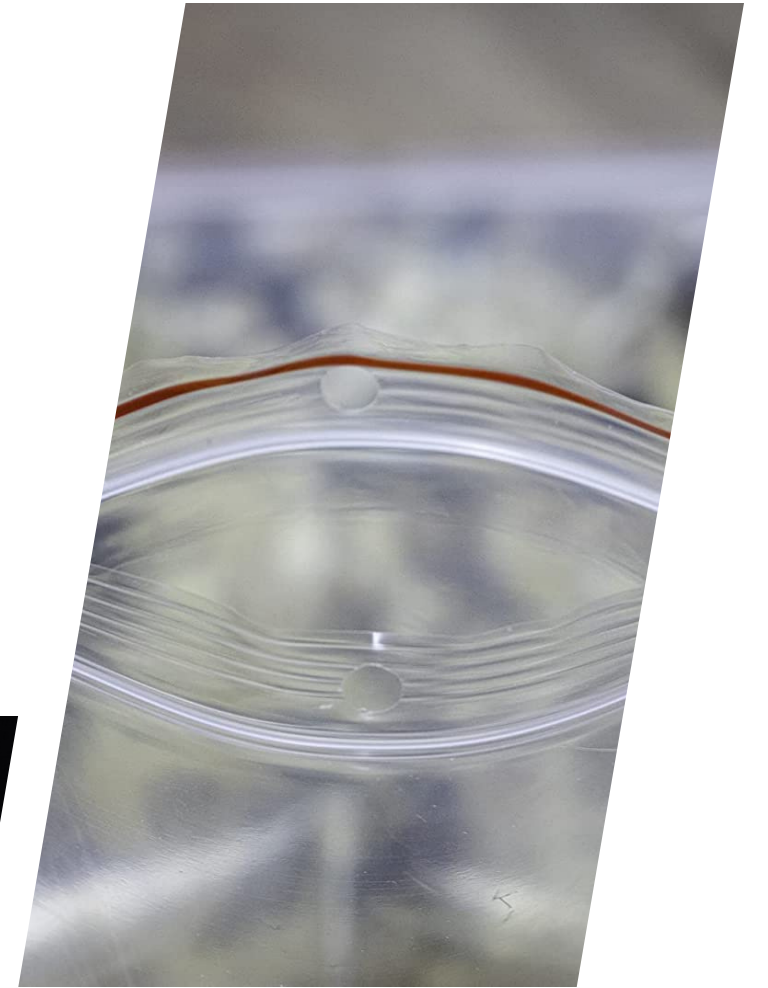

Custom Design

Brand Identity

Closure System

Each closure system is designed to adapt to the product and its intended use. From shipping to storage, it ensures practicality, security, and long-term reliability. Solutions developed to simplify every step, from opening to resealing, protecting the contents while enhancing the end customer's experience. A balance between functionality, reliability, and attention to detail.

- Adhesive: Ensures a secure and durable seal for shipping.
- Double adhesive: Allows easy returns and reuse of the bag.
- Press-to-close zip: Enables multiple openings while maintaining a reliable seal.
- Slider (zip slider): Smooth opening and closing with a premium user experience.
- Custom solutions: Systems adaptable based on the product and its intended use.

Heavy-duty black waste bags

Designed to ensure strength and practicality in everyday use, black waste bags are ideal for waste collection and disposal. Made from selected materials, they provide reliable durability even under heavy loads, reducing the risk of tearing or leakage. Available in various sizes and thicknesses, they are suitable for domestic, professional, and industrial applications.

Solutions designed to simplify waste management, ensuring reliability, practicality, and consistent performance in every context.

- High strength and load capacity
- Available in various sizes and thicknesses
- Excellent resistance to tears and leaks
- Ideal for domestic and professional use

Luxury Packaging

Cardboard packaging represents the first point of contact between the product and the customer. We design tailor-made solutions aimed at protecting, enhancing, and communicating your brand. From shipping boxes to retail packaging, every detail is developed to combine strength and aesthetics. Selected materials, customizable design, and a strong focus on sustainability.

PackCustom Packaging
Tailored solutions for every product and shipping need.

Design & Protection
A balance between aesthetics, functionality, and durability.

Elevates Design

Smart Functionality

A person with long brown hair and black sunglasses is holding and reading a newspaper. The newspaper is the New York Times, with the masthead clearly visible. The person's hands, with red-painted nails, are holding the edges of the paper. A large, bright green circle is superimposed over the center of the image, containing the words 'Thank You' in a white, sans-serif font. The background is a soft, out-of-focus light blue and white.

Thank You
